In addition, each year our team members invest hundreds of volunteer hours back into communities. One initiative includes New Flyer's Garden of Giving in Winnipeg, which started in 2010 and was expanded to MCI's Winnipeg facility in 2024. This program encourages employees to lend their gardening skills to grow and harvest fruits and vegetables throughout the summer and fall. This produce is then donated to charitable organizations that help to feed those in need within the community and in 2024, NFI donated a total of 4,300 lbs. of produce.
